

# TeacherTECH 2008

## Technology Training for Teachers

Sponsored by the San Diego Supercomputer Center  
University of California, San Diego

### **Using Apple GarageBand™ Effectively in Your Classroom** (Course fee: \$45.00)

**Wednesday, July 23, 2008**

Class meets in the SDSC Training Room from 8:30 a.m. – 3:00 p.m.

### **Using GarageBand™ Effectively in Your Classroom**

**Presenter: Kelly Smith, The Nativity School**

#### **Course Overview:**

GarageBand™ has many purposes for educators. Podcasts, soundtracks, musical compositions, sound editing/mixing, as well as the spoken word, are just some of the many uses of this amazing program. There are a number of communities sharing GarageBand™ -made music, many by and for students. In this beginning workshop, basic instruction will be combined with project-based exploration, with great flexibility based on individual needs.

#### **What to Expect:**

In this introductory workshop, participants will:

- Record, edit, and mix audio, including music and the spoken word
- Explore and understand loops
- Collaborate and share content-rich projects for students of all ages

#### **What to bring:**

- Mac laptop with GarageBand™ software
- Classroom resources that will be needed to build your lesson and or unit (textbooks, planners, workbooks)
- Lunch each day or you may purchase lunch on campus.

#### **Workshop Highlights:**

- Tutors available
- Handouts will be provided
- Classroom demonstration lessons
- Hands on time to practice

**Professional Development Credit is also available via UCSD Extension for \$55.00 per unit. This is a one-unit course.**

#### **Prerequisites:**

- Must be a current K –14 educator
- Must bring a Mac laptop with GarageBand™ software installed
- Comfortable using the Mac operating system either at school or at home
