UC San Diego

Outreach Ambassador Program

Fall 2022 → Spring 2023

UC San Diego
Outreach Ambassador Program

● Outreach Ambassador Program is **UCSD San Diego Supercomputer Center**'s new year-long program aiming to **promote STEM education within San Diego communities** by engaging high school student representatives. The program is looking for motivated students in the greater San Diego area interested in **STEM**, **marketing**, or **education**❗

Program Structure

- **Monthly** coordination meeting
- Promote **UCSD education programs** within school and community
- Receive **mentorship** from UCSD faculty

Program Benefits

- **Network** with UCSD faculty, administration members, and researchers
- Access to information about **STEM programs & opportunities** at UCSD
- **Meet new peers** with similar interest
